

# ANNUAL REPORT 2021

JEAN B. PURVIS

COMMUNITY HEALTH CENTER

**CARING FOR OUR COMMUNITY - TOGETHER  
SINCE 2008**

Working TOGETHER with community members, local businesses and social service organizations, we change lives by providing free healthcare to the uninsured and underinsured, creating strength and stability in the lives of our patients, their families, their work places and OUR community.

# A LETTER FROM OUR EXECUTIVE DIRECTOR

**R-E-S-P-E-C-T**...that is what it means to me... Remember the song sung by Aretha Franklin?

At the Jean Purvis Community Health Center, all patients are treated with **respect**.

**Respect** is the foundation that the Jean Purvis Community Health Center is built on. Fourteen years after the Community Health Center broke ground that song continues to ring true.

**Respect** is the core value and the heart of our organization. **Respect**, hope and healing are the core values that are the foundation to which the Community Health Center is built.

The CHC believes in providing hope and healing in a respectful, ethical way to all of our patients who need care, compassion and assistance.

Each year as the Community Health Center grows, additional services are identified as being needed. We are proud to announce the opening of our eye clinic. The Community Health Center identified eye care as a need in our community for patients who have no insurance. The eye clinic, in partnership, with Dr. Michael Higgins opened in the fall of 2021. In addition, we have partnered with UPMC Mobile Dermatology Unit which currently sees patients who need dermatology care.

Dental care for our patients continued to increase considerably over the last year. We have 5 volunteer dentists who see patients, on a regular basis. The Community Health Center remains committed to the care of the men and women who served our country and were unable to obtain dental services.

Thanks to the generous support of organizations like the Butler Health System, Concordia Lutheran Ministries, United Way and UPMC, along with private donations, the Community Health Center is able to continue to provide all of these services to our patients.

I hope as you read through this report that you will see the faces of the community that utilize our services, the dental patient who was relieved of pain, the compassion shown to the Behavioral Health patient and the sensitivity shown to the newly diagnosed diabetic patient, learning a new way of living.

To quote our founder, Jean Purvis, "all people should be treated with dignity and **RESPECT**."

*Kimberly*

To be an ethical organization, honest in communication and reliable in our actions

**"ALL PEOPLE SHOULD BE TREATED WITH DIGNITY AND RESPECT"**

Jean Purvis

FOUNDER, COMMUNITY HEALTH CENTER

## A LETTER FROM OUR PRESIDENT

I have been volunteering at the Center for many years now, thinking I was giving back to the community. Recently I was asked to be a board member and then board president. It was not until I went on the board of directors that I truly learned about my community and the possibilities. To begin with, I want to thank the many corporations, companies and individuals (way too many to mention in a short letter) who support our Center. Their generosity is simply amazing. It is miraculous that a Center that offers so much can operate solely on the generosity of community members.

Our many volunteers are the heartbeat of the Center. The dedication, knowledge and efforts of our staff and volunteers is always professional and goes above and beyond the expected.

The Center began by offering medical treatment and medications. Through the years we have added Dental services for the general population and now for veterans. Our Center also provides Diabetic and Nutritional Education, Mental Health treatment, Dermatology treatment and most recently, Vision care.

In this day and age where the media may choose to emphasize the bad over the good, it is extremely heart warming to know that there are so many good people in this world. And I am so grateful to be surrounded by some of the best Butler has to offer. Butler is better because of the Jean B. Purvis Community Health Center.

*Larry*

After depression and hypertension, diabetes is the third highest diagnosis at the Center. Through a grant from PNC Charitable Trust, the Center initiated a diabetes expansion project utilizing Continuous Glucose Monitoring (CGM) systems, specifically the FreeStyle Libre. The CGM provides diabetic and pre-diabetic patients glucose levels in real-time, but we could not have predicted the amazing results: "Life changing", "I feel like a new person", "This is life changing". Instead of having to prick their fingers multiple times a day, the patient wears a sensor that sends data to a monitor. The patient knows when they need food, or to eat less food, to get rest, increase activity, etc. One patient started with an A1C of 14 plus (normal is 5.7); he should have been hospitalized, but because he is uninsured, he refused. The patient had to make a choice, take your blood glucose 4 times a day with a finger prick or wear the CGM. He chose the CGM. In the first 2 weeks, the patient realized he was eating way too much food. With one-on-one diabetic education, the patient continued to make changes – less food, smarter choices and exercising 30 minutes a day. In 6 weeks, the patient moved his A1C down to 6.5 and lost over 15 pounds. The patient states that he is now feeling better, his mind is clearer and he is beginning to have hope of getting a job again. **Great job Diabetic Team!!**

## THANK YOU TO OUR MANY COMMUNITY PARTNERS WHO HELP US TO SERVE!

Alliance for Nonprofit Resources - Butler Health System - Butler Ambulance Service - Center for Community Resources - Concordia Lutheran Services - Focus Physical Therapy Inc - Michaele Anne Crawford, DPM - Steven F. Hinterberger, OD - Jeffrey R. Hitchan, DMD - Life Butler County - Pivot Physical Therapy - Quad County Oral & Maxillofacial Surgery - Stirling EyeCare Center - Wigton Eye Care - United Way - UPMC

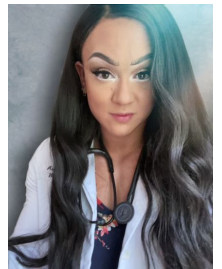

# CORE VALUE

To respect our patients, staff and volunteers, to be non-judgemental, supportive and compassionate

## CHC IS PROUD TO HOST STUDENT INTERNS FROM LOCAL COLLEGES AND UNIVERSITIES

Hosting students is a Win-Win! Our interns are here to learn from us, but we can always count on learning from them as well! We've had many special interns over the years - pharmacy, nurses, nurse practitioners, public health, dental, pre-med and more.

Ashley Adams is the Health Services Administrator at the Butler County Prison. She has been an RN for eight years, with experience in med-surg, ambulatory surgery, and corrections. After leaving the field entirely in 2016 due to hospital and bedside burnout, she stumbled upon the specialty of correctional nursing in 2017 and found her true passion in the profession. As the Director of the Medical Unit at the Butler County Prison, Ashley oversees the delivery of healthcare services to over 400 county and federal inmates. Her special interests include quality improvement of healthcare services in correctional settings as well as substance abuse treatment and rehabilitation. She provides clinical and administrative oversight to a team of over twenty staff members including RNs, LPNs, Medical Assistants, and auxiliary staff. Ashley is also a full-time graduate student at Walden University pursuing her MSN-FNP degree with an anticipated graduation date in spring of 2022. She spent the summer of 2021 at the Community Health Center completing her first primary care rotation with Christine Cassioli, FNP-C. This partnership provided not only an excellent learning environment, but also an opportunity to work with the incredible patients and staff that make the Center a possibility.

## Top 5 Diagnoses:

1-Depression 2-Hypertension 3-Diabetes 4-Anxiety 5-Hyperlipidemia

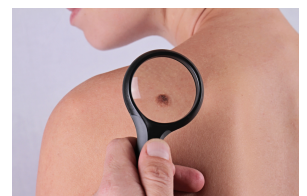

## NEW PROGRAMS

Dr. Michael Higgins of Stirling Eyecare provides comprehensive eye exams for the uninsured at CHC. Regular eye exams can protect the patient's sight, reducing the chance of blindness and vision loss while also staying on top of developing eye diseases such as cataracts and glaucoma

In addition, a comprehensive eye exam can spot other conditions such as diabetes, high blood pressure or heart disease.

The newest pilot program of the Center is counseling. Utilizing grant monies from the Anthony Meledandri Memorial Fund, the Center has partnered with a Licensed Professional Counselor to provide short-term counseling for those that may need additional support. Counseling can help the patient to better understand themselves and others, to set goals and to work toward change.

The Community Health Center has partnered with UPMC Mobile Dermatology to improve access for the uninsured. To protect the largest organ in the human body, Dr. Alaina James, Pitt University Medical Students and UPMC bring diagnostic and treatment services to our patients.

# CORE VALUE

To strive for excellence, giving our very best efforts in clinical and supporting functional areas

## UPCOMING EVENTS

*Signature Sensations*  
*Nov 5, 2022*

Support the Center as you enjoy a relaxing evening of sensational specialty dishes prepared by Butler County's finest chefs and WQED television personality, Chris Fennimore, of WQED Cooks.

Chris Fennimore

Bill Atkinson &  
Chris Fennimore  
(Chop Shop)

Alan Green & Chris Fennimore  
(Saxonburg Hotel)

James Houghton & Chris Fennimore  
(Butler Country Club)

This will be the 10th year WQED's Chris Fennimore comes to the Butler Country Club to cook with noted Butler County area chefs...and then serve the meal to those in attendance. The evening includes six courses with wine pairings, specialty vendors, basket raffles, live auction and more!

*Get your tickets early  
(they go fast!!)*

For more information and tickets, please visit our website:

[www.butlerhealthclinic.org/signature-sensations](http://www.butlerhealthclinic.org/signature-sensations)

## *Wine & Jazz at Elm Court Gardens*

Wine and Jazz at Elm Court is an all-out celebration brought to you by the Jean B. Purvis Community Health Center and the Frederick R. Koch Foundation at the beautiful Elm Court estate located in Butler, PA.

Enjoy the sights and sounds of live jazz music, the taste of delicious food and savor a selection of wines while strolling the grounds of Elm Court.

The focus of Wine and Jazz at Elm Court is to provide an opportunity for members of the community to see firsthand the beauty of Elm Court and to provide financial support to the Jean B. Purvis Community Health Center.

*You are Invited to join us for an afternoon of Wine & Jazz*

**Sunday, June 26, 2022, 2:00-5:00 pm**

**Tickets: \$300 per person**

**for more information and tickets, please visit [www.butlerhealthclinic.org](http://www.butlerhealthclinic.org)**

Thank you to the hundreds of individuals, foundations, businesses and community organizations who supported the Jean B. Purvis Community Health Center financially in 2021! None of what we do for the community would be possible without you. Thank you for standing with us, helping us to stay flexible and responsive to the constantly evolving challenges our community, staff and patients have faced during the COVID-19 pandemic. Please know that we are incredibly grateful for each and every one of you.

Your support has made a tremendous difference for the Community Health Center and for the community we serve. Please use the enclosed gift envelope if you wish to make an additional gift at this time.
