CALLING ALL DENTISTS!

We are Volunteers-In-Medicine, providing completely FREE dental care to those in need in Butler County and the surrounding areas. We are in great need of Dentists to volunteer their time in our clinic and provide dental services for eligible patients in our community.

We have a fully equipped dental facility, boasting two treatment rooms, one hygiene room, digital x-ray and oral cancer screening equipment. We have one hygienist and one assistant on staff, all we need is you!

SERVICES WE PROVIDE

- DENTAL EXAMS
- ORAL CANCER SCREENINGS
- CLEANINGS
- EXTRACTIONS
- X RAYS
- FILLINGS

COME AS OFTEN AS YOU LIKE!

Some of our volunteer providers come 1-3 days a month, others only come every 6-8 weeks, or when they can. Come as often or as little as you like! Our community still appreciates your help!

FLEXIBLE SCHEDULING!

Though the clinic is open Monday through Friday, we only schedule dental patients according to volunteer availability. We work around you!

WE'VE GOT YOU COVERED!

All of our volunteers are covered under our Federal Tort Claims Act coverage!

LOOKING FOR OTHER WAYS TO HELP?

Do you have little time to step away from your office to volunteer, but would still like to help? Our 100% FREE clinic is always greatly appreciative of any donations, including the following items to help us continue to provide care to patients:

- disposables: patient bibs, tray covers, cotton products, suction tips, sterilization pouches ect..
- patient hand outs: tooth paste, floss, tooth brushes
- any items you wish to donate!
