

TREATING OUR COMMUNITY WITH DIGNITY AND RESPECT

2023

IMPACT REPORT

LETTER FROM OUR EXECUTIVE DIRECTOR

“Did he really retire?” Is the question ringing through the hallways of the Jean B Purvis Community Health Center. That question refers to the retirement of Jim Cunningham as Director of Development for the Center. Jim has been a pillar of strength for the Center for too many years to count. His unwavering support and commitment to the Center is only surpassed by his love for the volunteers, staff, and patients he worked with daily. Jim’s dedication to supporting the Center with his work building relationships with donors helps ensure the future of the Center. Jim will remain on the Board of Directors and a frequent visitor.

A new Director of Development, Kimberly Lunn, was appointed at the start of the new year. Kimberly comes to the Center with a wealth of development experience in health care. Kimberly is an accomplished grant writer, fundraiser, and event planner. Her infectious smile and bounding energy have been a joy to have at the center. In addition, a new position of Patient Navigator was created. Our new Navigator, Marissa Stenzel, is a recent graduate of Slippery Rock University in Public Health. Her talents far exceed her degree. She is a master of statistics and social media, in this position, Marissa will guide patients through the health care system. Outreach and resource development will also be a part of her responsibilities. We welcome these new employees and look forward to the changes that bring as they share their excitement and innovative ideas that will have an impact on our patients, donors, and volunteers.

Our dental, medical, behavioral health, dermatology, and vision services continue to increase as they provide necessary care to the community. The Jean B Purvis Community Health Center has had an increase of two additional dentists this year and various other providers. Our patient base continues to expand as we identify additional needs in the Butler area and surrounding communities.

As always, we are grateful to our donors and volunteers for their generous giving. This giving makes it possible to provide services for the neighbors in our community. Without them care at the Community Health Center would not be possible.

Kimberly Reamer

Executive Director

OUR VISION

To provide primary integrated healthcare services for our neighbors in Butler County and surrounding communities.

OUR MISSION

Our goal is to serve as a vital link in the local healthcare network by providing skilled and compassionate medical, dental, vision, and behavioral health care as we partner with other community resources to facilitate healing and hope for those who seek our help.

WHO WE SERVE

We provide FREE primary medical care, basic dental care, behavioral health services, vision, dermatology, and health and wellness education to those aged 19–64 who are uninsured or underinsured.

MEET OUR NEW HIRES

Kimberly Lunn, Director of Development

Kimberly Lunn joined the Community Health Center as its grant writer in June 2023 and was named Director of Development in January 2024. She has an extensive background in nonprofit fundraising, having previously worked in the Office of Development at Allegheny Health Network and at the Allegheny Valley Hospital Trust. Kimberly holds a Bachelor of Arts in Public Relations from Westminster College, and a Master of Business Administration (MBA) from Point Park University. She lives in Saxonburg with her husband, Chris, and their three children.

Marissa Stenzel, Patient Navigator

Marissa Stenzel undertook a temporary internship at the Community Health Center in the summer of 2023 before successfully transitioning to the role of Patient Navigator in September of the same year. Her professional background encompasses customer service, management, and volunteer engagements within the public domain. Marissa earned a Bachelor of Science in Public Health from Slippery Rock University. Presently, she resides in East Brady with her husband, Jeremy.

TIME FLIES WHEN YOU'RE HAVING FUN!

We use the term “time flies when you’re having fun” to express that time appears to go by more quickly when we enjoy ourselves. That term describes my time at the Jean B. Purvis Community Health Center.

Seventeen years ago, Jean Purvis called me and asked if I would volunteer to help raise money to start a free clinic in Butler. With the help of people like Jean, we were successful in raising more than \$1 million to open the Clinic. In 2015, Jean again called me and asked me to join the Board of Directors of the Clinic. I explained that I wouldn't have time to serve on the board, to which she responded, “We meet in the morning.” I agreed to serve on the board. Later in 2015, Executive Director Kim Reamer asked me if I would join the staff as the Director of Development. I explained to Kim that I was attempting to retire but I would give it some thought. In January of 2016, I became the first Director of Development for the Clinic and, thanks to the generous support from people like you, we were able to successfully build a fundraising program that continues to keep the Clinic strong. I finally retired at the end of 2023 at the age of 75. The Clinic has hired Kim Lunn as the new Director of Development. Kim has considerable experience and success in healthcare fundraising and will do an excellent job for the Clinic. I ask all of you to continue to support the Clinic as you have done in the past and be supportive of Kim and her fundraising efforts.

I have had the fortune of working with one of the most committed staff I have ever worked with. Kim Reamer is exceptional and has done a wonderful job in bringing the Clinic to a new level. A special thank you to the incredible staff for helping with fundraising events to raise money for the clinic. Butler is truly blessed to have such a group of caring people who are willing to work to serve those in need in our community. I will miss my day-to-day contact with all those special people, as well as the many volunteers I have come to know. I will continue to serve on the Board of Directors and occasionally drop by to have lunch with my friends. I deeply appreciate the opportunity to have served with such a wonderful organization and the people associated with it. Time flies when you're having fun, and I can safely say I had a lot of fun.

Jim Cunningham
Vice President

PATIENT SUCCESS

Bob is a 53-year-old man who had concerns over his weight and has not been to the doctor in years. He made an appointment at the CHC due to having no energy, blurred vision, and pain all over his body. The clinic's CRNP discovered his A1C was 12.4 and started him on oral diabetic medications and long-acting insulin. Bob met with the clinic's diabetes educator and was given a glucometer, test strips, and other supplies, as well as a Freestyle Libre 2 continuous glucose monitor. He was taught to use all of the equipment, and regular check-in appointments were scheduled. Bob attended some of the CHC's patient education classes, including a carb counting class and a weight loss/healthy eating class, where he learned to make critical changes to his diet. Bob was prescribed new glasses by the clinic's ophthalmologist, and the dental team filled a cavity and provided oral hygiene education.

In six months, Bob lost 40 pounds, lowered his A1C to 5.6, and was able to stop taking insulin. Bob also landed a new job which allowed him to transition to private health insurance. He walks three to four miles each day and says he hasn't felt this healthy in years!

SERVICES

MEDICAL

Outpatient primary medical care, preventive medical services, treatment of acute and chronic illnesses, referrals for specialized services, referrals to other agencies when appropriate, select immunizations, and free medications when possible.

CHC Drug Room distributed over \$161,523.39 in medications in 2023

DENTAL

Quality basic dentistry including preventative, restorative dental care, and oral education at no cost. The CHC cares for patients who have no dental insurance or have limited dental coverage. Services are provided to individuals aged 19 to 64 and veterans of any age.

In 2023, 7 dentists gave their time and served 712 patients.

BEHAVIORAL HEALTH

The Center provides treatment related to anxiety and depression. Physicians work with patients to develop a treatment plan and medication is prescribed and monitored as warranted and needed. The Center has continued its partnership with a Licensed Professional Counselor to provide short-term counseling.

Behavioral Health services were provided to 129 patients in 2023

VISION

Comprehensive eye exams and glasses (as prescribed) are provided. Regular eye exams help to reduce the chance of blindness and vision loss while staying on top of developing eye diseases such as cataracts and glaucoma.

In 2023, 61 patients were provided with free eyeglasses.

DERMATOLOGY

Provided by UPMC Mobile Dermatology to improve access to dermatology, to protect the largest organ in the human body. Dr. Alaina James, Pitt University medical students, and UPMC continue their partnership with the Community Health Center.

Dermatology services were provided to 16 CHC patients in 2023

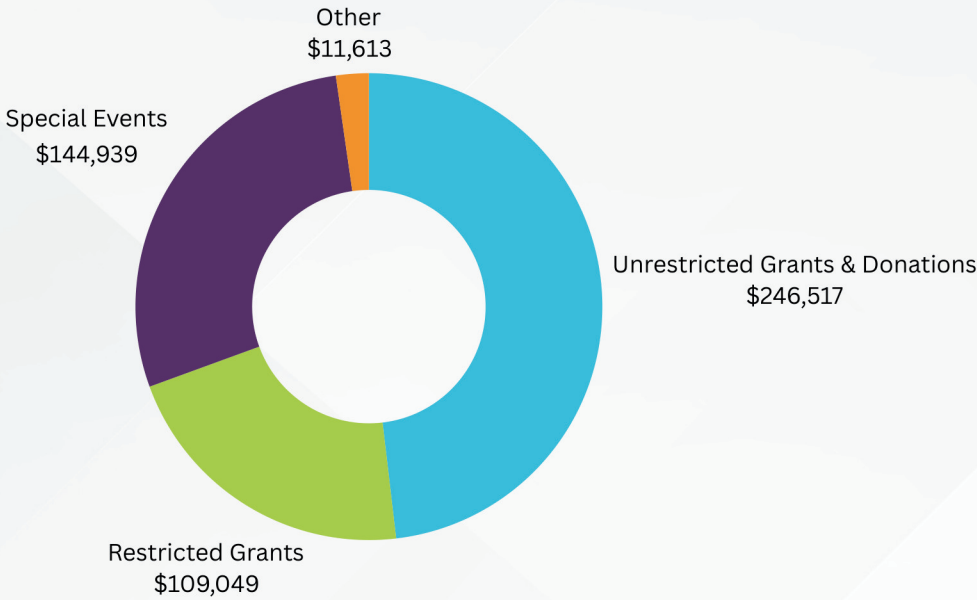

HEALTH & WELLNESS

The Center's Health & Wellness team provides classes and education such as diabetes education, weight loss management, understanding your medication, healthy eating, smoking cessation, managing stress, and MORE!

The CHC Health & Wellness team provided education to 915 patients in 2023

DENTAL

The CHC's dental program has been providing quality basic and restorative dental care to the uninsured and underinsured residents of Butler County and surrounding communities since 2010. The dental program is the CHC's fastest growing program. About one-third of the CHC's dental patients are military veterans who do not qualify for dental care through the VA. Last year, the CHC received an anonymous grant that allowed it to build and furnish a third dental operator. This operator has been incredibly beneficial in allowing the CHC's dental professionals to treat patients more efficiently, because it maximizes staff productivity. Adding the operator has also allowed the dental clinic to accommodate more emergency appointments, as well as offer non-emergency appointments in a more timely manner.

EVENTS

The Community Cornerstone Award

The Community Center is proud to honor Mr. Steven Green as the 2024 recipient of the Jean B. Purvis Community Cornerstone Award.

Steven Green, President and CEO of Glade Run Lutheran Services, has been named the 2024 Jean B. Purvis Community Cornerstone Award winner. An award dinner will be held on **Friday, May 10, 2024, at the Butler Country Club.**

Steven has dedicated his career to providing high-quality health and human services programming for children and families. In his current role, he oversees the provision of a variety of community-based programs throughout the western PA region.

He serves on the Boards of Directors of the Butler County Chamber of Commerce and the Butler AM Rotary, and has served on the boards of several other community organizations.

Tickets for the 2024 Jean B. Purvis Community Cornerstone Award dinner are currently on sale. Please contact Kimberly Lunn at klunn@butlerhealthclinic.org for more information.

Salute to Service

Golf Classic

SALUTE TO
SERVICE
GOLF CLASSIC

This is a collaborative event that benefits Veterans' services at Alliance for Nonprofit Resources, the Jean B. Purvis Community Health Center, and Nonprofit Development Corporation. This event will be held at the **Cranberry Highlands Golf Course on Monday, September 9, 2024.**

- Veterans' transportation services at ANR
- Veterans' dental program and other health services at CHC
- Veterans' workforce development and supportive employment services at NDC

Sponsorships and foursome registration for this event are currently available. For more information, please contact Kimberly Lunn at klunn@butlerhealthclinic.org.

Signature Sensations

Save the Date!
November 2, 2024

Join us for this special evening! Signature Sensations is held at the Butler Country Club and includes 6 courses prepared by Butler's finest chefs, wine pairings for each course, specialty vendors, basket raffles, live auctions, and more.

Tickets go on sale July 1. Please visit <https://www.butlerhealthclinic.org/signature-sensations> for more information.

Photos with Santa and Mrs. Claus

The Community Health Center hosted its first Photos with Santa and Mrs. Claus on December 9, 2023. This event was a success and gave families free holiday photos along with hot chocolate and donuts. CHC is expected to host this event again next year!

THANK YOU

Thank you to the hundreds of individuals, foundations, businesses, and community organizations who supported the Jean B. Purvis Community Health Center in 2023! None of what we do for our community would be possible without your gifts. Please know that we are forever grateful to every one of you! Your continued support has had a positive impact on the Health Center and the people we serve. Please use the enclosed gift envelope to make an additional donation at this time.
